

"A minute or so later, they observed a white male, approximately thirty years of age, running south on Patton Avenue, carrying a revolver in his hand and was obviously trying to reload it. He stopped still and then reloaded the gun."

In regard to the last paragraph of this report, I do not at this late date specifically recall having been exhibited a photograph of Lee Harvey Oswald, at the time of the interview of January 22, 1964, and desire that this paragraph be deleted as an official reporting of that interview.

I have read this written report and with the exception of the aforementioned notations, it reveals a correct report of what I saw on November 22, 1963.

Signed this 26th day of August 1964.
