TRANSLATION AT END OF LETTER

May 17, 1963.

Hello Dear Marina and Alek!

We received your congratulations. We were very pleased and extremely grateful. It fell into my hands at the beginning of May. I don't know when it was sent, because Inna (Inesa) did not come to me. I don't know why, and I am not able to read the date.

Our Yulya is fully four months old; (born February 11, also 2 weeks earlier than expected, after the example of June) weight 3.100 (kilograms).

From the very beginning, she ate much, and accordingly grew a lot, but I thought maybe all that would be proven in the course of time.

From the beginning of the second month she was weaned. Now I give her juices, cereal, cod liver oil, vitamin D2.

I very much want to know, how your daughter June is growing. Did you have much trouble up to the first year? Now she is probably already running.

Great greetings from your unknown Aunt Olya and Uncle Kolya and small friend Yulya who live on the other side of the world.

Yulya likes to babble, and strongly works her arms and legs, and enjoys basking in the sun and smiles. (I already am dressing her in small overalls. She is so happy in them.)

That is so Marina. It is unbelievable that I have a daughter already. How unexpectedly and comparatively easy this happened. My husband has become a tender father and a more attentive husband.

Please write how you are; after all, I don't know anything about you. It has been approximately half a year. We will be patiently awaiting a reply.

We kiss and hug warmly the three of you. We wish you happy week days and the very gayest of holidays.

Until we meet again (I hope we will sometime)

Olya, Kolya, Yulya
