Dear Mr. [unclear] -
I'll be in on walk in Texas and
with Mr. Eddahl. It's quite different now - I
think he has learned his lesson. He has tried
to get me to come back now for sometime when
making a couple of trips to Longton and I
wanted to make sure so I quit him off
We have a really home and right in the
heart of town so I expect to continue with
my living. Mr. Eddahl is away most of
the time and since he has to go to school
I can't go with him as before. Hope my
boys are both well and doing nicely in
their school work. Please scold them for
me about writing. They both claim to be too
busy to write now. I am making
a check for spend money and would like
them to cash \$25 a week as I know it is
hard for them to get here into the int. so
a week kind regards to both you and Pop. I will
love you
Margaret Eddahl
