My dear John:

The contract for our new building was let on July 15th, and work was begun Monday of last week on the new building. However, we cannot hope for the building to be completed during the first semester. Therefore, we will have to peg our attendance at 112 for the first semester. This is the largest number we can take care of without crowding the students. This we do not want to do.

We are glad that you have reserved your room for next session. I hope that we may have a great year in every way at C.K.A. We shall be glad to allow you a credit of \$15.00 if you can bring another good boy with you. Room reservation should be made at an early date. If you desire one or more catalogs please let me know. Boost and help us build C.K.A.

Thanking you so much and hoping to see you at C.K.A. September 1st.
I am,

Cordially your friend,

J. S. Vandiver, President
