

"SECRETARY OF THE FAIR PLAY FOR CUBA COMMITTEE A MARXIST"

PRESS RELIEF:

Mr. Carlos Bringuier, Delegate in New Orleans of The Cuban Student Directorate, wants to make public that Mr. Lee H. Oswald, Secretary of the "Fair Play for Cuba Committee" has declared himself a "Marxist" at a debate held at WDSU Radio at 8.00 p.m. today and directed by Bill Stuckey and Bill Slader.

Mr. Oswald who spend about three years living in ~~Moscow~~ Russia and who agreed in the debate that he gave his passport to the American Embassy in Moscow in order to obtain the Soviet citizenship, refused to make public the name of the members of his organization and declared himself a "Marxist".

In that program the Delegate of The Cuban Student Directorate suggested to Mr. Oswald to change the name of his organization from "Fair Play for Cuba Committee" to "Fair Play for Russia Committee", because he said that before Castro the Cubans had: 1 automovil for every 37 persons and Russia had 1 for every 200 persons; 1 radio for every 6 persons in Cuba against 1 for every 20 persons in Russia; 1 T.V. set for every 18 persons in Cuba against 1 for every 85 in Russia; and right now Castro has destroyed the Cuban economic and made Cuba a Russian Colony. Bringuier added that the Cubans who are escaping every day from Cuba don't agree with Mr. Oswald in that he represent the People of Cuba in that debate. Finally he added that the only thing Mr. Oswald could represent would be a Russian Colony.

We are proud, as Cubans, that another time we discovered a - Castro agent, an agent of those ideologies against which thousands of young Americans had been dying fighting in Korea, Laos, Viet Nam and more recently in Korea another time, trying to preserve freedom and democracy in the World

We, Cubans who want to regain our freedom in Cuba, and at the same time protect your freedom, ask you Americans for four things:

- 1) Help us to destroy Communism in Cuba.
- 2) Write to your Congressman asking for a full investigation on Mr. Lee H. Oswald a confessed "Marxist".
- 3) Help those organizations such as "INCA" directed by Mr. Edward Butler, whose lives are dedicated to fight communism all over the world and specially in Latin America.
- 4) Be alerted alert about the Communist infiltration in this Country, because Kruschew said "I will bury you".
