FEDERAL BUREAU OF INVESTIGATION

1

Date ___1/15/64

FRANK M. MIJARES, JR., 7234 Eagle Pass Street, Houston, Texas, was interviewed at the United States Public Health Service Hospital, New Orleans, Louisiana, where he was receiving treatment as an outpatient.

He advised that he is presently a crew member of the SS Lealie Lykes and during Voyage 110 of the SS Marion Lykes in September - October of 1959 had served on that vessel as bedroom steward.

After examining a photograph of LEE HARVEY OSWALD, MIJARES said that he recalled OSWALD as a passenger on the SS Marion Lykes in the fall of 1959.
MIJARES stated that OSWALD was not inclined to do much talking and at no time told him the reason for his making the trip to France or talked about himself. MIJARES said he recalled that after the first and second days, subsequent to sailing from New Orleans, OSWALD had instructed him to leave the cabin, which he shared with another young man, alone and for this reason he assumed that OSWALD was sea sick during this period. He also recalled that OSWALD subsequently reprimanded him for not having mopped the floor of his cabin to his satisfaction. According to MIJARES, when OSWALD got off the SS Marion Lykes he did not say goodby and did not leave a tip.
