

DEPARTMENT OF STATE

Commission Exhibit 2757

JUL 6 1964

Dear Mr. Renkin:

In reply to a request from Mr. Coleman, I am supplying the following information on the Department's airgram A-127 of February 1, 1961.

A-127 is listed as document V-38 in the list of documents supplied to the Commission by the Department. It is also listed as document NIII-18 since it was one of those documents returned by our Babasy at Moscow. Since A-127 was only classified "Official Dee Galy", it was not registered, and, therefore, the Department has no record to show the exact date or means of its transmission to Noscow. Maker the Department's procedures, A-127 would have been sent from Washington to Balsinki in an unaccompanied air pouch which has a lead seal. Anyons desiring to see a document in that pouch would have had to break the seal. The Department has no evidence whatsoever that any seals on any pouches from Washington to Balsinki during this period were tempered with. A-127 would have gone by courier from Balsingtoit to Moscow.

A-127 could have left the Department on February 1, 2, 3, 4, or 7 and, after any of these departure dates, would have arrived in Moscow on February 10. As the marking on the upper right corner of document KIII-18 indicates, the singram was stamped by the Bubbasy on February 11. 1961.

Sincerely yours.
