The above information was made known to Inspector Kelley by means of long distance telephone call on May 5, 1964.

After speaking with Inspector Kelley the reporting agent recontacted Rogelio Cisneros by telephone and the name of Juan Martin was mentioned to him. Cisneros spontaneously exclaimed that Juan Martin was the name of the Uruguayan who had been introduced to him by Sylvia Odio. This was confirmed by Francisco Gutierrez.

Cisneros then related that Juan Martin operates a well established wash yourself laundry believed to be known as "Dixie", located near one of the biggest or principal bowling alleys in Dallas, situated on one of the main streets. He stated he had made only one contact with Juan Martin at the laundry and, although he was not familiar with Dallas, the location of the laundry was clarified for him by Francisco Gutierrez, who was more familiar with the City of Dallas.

COMMISSION EXHIBIT NO. 2896—Continued

On March 15, 1964, FLOYD DAVIS of the Sports Dome Gun Range, 8000 West Davis, Dallas, Texas, advised night clerk PAUL K. STONE, Dallas FBI Office, that the previous information he had furnished reporting a bearded man in some way associated with a man DAVIS believed was OSWALD at the Sports Dome Gun Range was sighted yesterday or today driving a 1961 or 1962 red and white Chevrolet Impala, bearing Texas License No. PW 2958.

On March 16, 1964, the Dallas County Motor Vehicle Registration Office records reflected that 1963 Texas License FM 2958 is listed to a 1962 Chevrolet, four door, which is registered to Southern Lead Rolling Company, 2823 North Westmoreland, Dallas.

However, he does not remember specifically having his ammunition in a box at the above time. He fired about 16 rounds total, only one of which was fired in the .3003 caliber due to a malfunction of the extractor.

He is described as:

- Age: 27
- Born: November 6, 1936
- Height: 5'11
- Weight: 300
- Hair: Dark Brown
- Eyes: Brown

It is noted that MURPH has a four-year growth beard.

When at the Sports Dome Gun Range as described above, which is the only occasion he has ever been at the Sports Dome Range, he was wearing his firearms earmuffs. He has a red sweat shirt and green work trousers, but does not recall if he was wearing these.

He arrived at the range about 1 1/2 hours before sunset and left at sunset.

He is not acquainted with JACK RUBY other than through the news media after OSWALD was slain. He has never seen OSWALD or RUBY in person.
Mr. HAYWOOD PIERSON, 418 Bobbie Street, Dallas, Texas, advised on March 21, 1964, that the Corinth Street viaduct area on the west side of the Trinity River levee is a residential area and that many children play in the vicinity of the levee at this particular point. He said that no firearms are permitted to be used in the area at any time.

A photograph of LEE HARVEY OSWALD was shown to Mr. PIERSON and he stated he could not recall having seen OSWALD or any other person target shooting with a pistol or rifle in this area at any time.

Mr. PIERSON advised that the Corinth Street viaduct area of the levee is a residential area and that many children play in the vicinity of the levee at this particular point. He said that no firearms are permitted to be used in the area at any time.

A photograph of LEE HARVEY OSWALD was shown to Mr. PIERSON and he stated he could not recall having seen OSWALD or any other person target shooting with a pistol or rifle in this area at any time.

The following residents of the Corinth Street viaduct area of the levee were shown a photograph of LEE HARVEY OSWALD; however, none could recall having seen him in this area:

S. HOSKINS, 406 Albright Street, Dallas, Texas, March 21, 1964;

MOSES THOMAS, 415 Albright Street, Dallas, March 21, 1964;

COMMISSION EXHIBIT No. 2898—Continued
Mr. HECTOR GONZALEZ, 910 LaSalle Street, Dallas, Texas, advised that he frequently visits a dump area in the vicinity of the Commerce Street viaduct and the Lamar Street viaduct between the east and west levees. He said he has observed in the past that the only people who visit this area from time to time are those people who dump trash in the area or check through the trash in order to find objects of value. He said that it is highly unlikely that any person would use this area for target practice with a rifle or pistol since both the Commerce Street viaduct and the Lamar Street viaduct are heavily traveled and any rifle shooting would endanger the lives of passersby. Mr. GONZALEZ stated that any person using the river bottom area above this point for target practice would necessarily approach the levee from Canada Drive and would have to park a car on the Drive in order to cross the levee wall. He added there are no bus routes which would deposit passengers in this immediate vicinity above both viaducts.

The following residents of the Canada Drive area, which parallels the west levee, were shown a photograph of LEE HARVEY OSWALD in an effort to determine whether OSWALD had ever practiced shooting with a rifle in this area. None could identify OSWALD as having visited in this area in the past for any reason:

- HECTOR GONZALEZ, 910 LaSalle, Dallas, Texas, March 23, 1964;
- J. FRANCIS, 1703 Canada Drive, Dallas, March 23, 1964;
- M. J. KING, 1715 Canada Drive, Dallas, March 23, 1964;
- JOE VASQUEZ, 4131 Rupert, Dallas, March 23, 1964;
- PORFIRIO CADENA, 3021 Canada Drive, Dallas, March 23, 1964;
- GABRIEL CADENA, 3035 Canada Drive, Dallas, March 23, 1964;
- SAM WALKER, 3511 Canada Drive, Dallas, March 23, 1964;
- AMOS LYNCH, 4107 Canada Drive, Dallas, March 24, 1964;
- JOE HERNANDEZ, 4123 Odessa Street, Dallas, March 24, 1964;
- PETE CONSTANCIO, 3610 Lagerol Street, Dallas, March 24, 1964.

The following individuals, who reside in the vicinity of the Walton Walker Boulevard and the west wall of the levee, were shown a photograph of LEE HARVEY OSWALD. None could identify OSWALD as having been practicing rifle shooting in this vicinity of the levee at any time:

- A. C. RODRIGUEZ, 3120 Lapeley Street, Dallas, Texas, March 24, 1964;
- JOE CALVILLO, 3015 Lapeley Street, Dallas, March 24, 1964;
- JOHN E. MEANS, 6306 Zenith Street, Dallas, March 24, 1964;
- W. C. HURST, 6032 Chippewa Drive, Dallas, March 24, 1964;
- LEON PERSHSON, 6122 Chippewa Drive, Dallas, March 24, 1964;

East Side of Trinity River Levee

Mr. EIDER L. KORNEOAY, 2720 Proctor Street, Irving, Texas, advised on March 20, 1964, that the area east of the John W. Carpenter Freeway near the east levee is situated within the City of Dallas, Texas, and that the use of any firearms is forbidden in this area. Mr. KORNEOAY stated that, because of the proximity of the area in Irving, Texas, where target shooting is tolerated, no shooters use the area east of the levee in the vicinity of the Carpenter Freeway. Mr. KORNEOAY stated that in addition portions of the adjacent territory are inaccessible with no roads or footpaths and, since they are inconvenient, target shooters would not use this area.
Mr. LEROY SYKES, 3402 Doug Drive, Dallas, Texas, advised on March 25, 1964, that the east portion of the Trinity River Levee from Irving, Texas, to the Hampton Road viaduct is relatively inaccessible, quite far from any bus routes and would entail a considerable walk through mud and swamp land. He said this area is not suitable for target practice and he has never known of anyone to discharge a firearm in that area at any time.

A photograph of LEE HARVEY OSWALD was shown to Mr. SYKES and he stated he could not recall having seen OSWALD in this area of the levee at any time.

The following residents of the east portion of the levee were shown a photograph of LEE HARVEY OSWALD; however, none could recall having seen him in this vicinity:

LUKE FREDERICK, 4721 North Westmoreland, Dallas, Texas, March 25, 1964;

JAY ANDERSON, 4312 Carol, Dallas, March 25, 1964;

WILLIE BRADLEY, 3522 Doug Drive, Dallas, March 25, 1964;

JUANITA GARCIA, 4839 Memphis, Dallas, March 25, 1964;

WILLIAM D. YOUNG, 1205 Mississippi, Dallas, March 25, 1964;

DALE MUNZER, 4706 Iberia, Dallas, March 25, 1964.

Observation of the remaining portion of the east levee from the Sylvan Avenue viaduct to the Corinth Street viaduct disclosed that it runs through the downtown area of the City of Dallas and is entirely unsuited for rifle or pistol practice. This portion of the levee runs adjacent to a large area of light manufacturing and industrial plants, whose properties face directly against the levee wall. The majority of these are fenced and not accessible to the general public.

It is noted that the area between both levees, which forms the bed of the Trinity River, is entirely uninhabited. The levee walls are approximately 35' above the adjoining areas and persons interviewed above who live near portions of the levee pointed out that individuals along the river bottom cannot be observed from outside the levee walls.
